Remote Desktop Reporter

Client Data – Software Versions

This report tracks all of the various RDP/ICA client software builds currently being used by the user base. If possible, this report will correlate the build number to the client OS associated with the Remote Desktop Client.

Filter Applied: None

Client Data - Client OS and/or Remote Client Build Number

Client OS Version (or Build Number, if undetermined)	Users Using This Client Build
Win 8/2012	ANDY
Win 8.1/2012 R2	ANDY
	HENRY.GONZALES
	XDUSER
